cooper@eqix.tech

PROFILE

Highly professional Video and Photo Editor, with in-depth knowledge of software and hardware, in fields of software development, repair and custom-built electronics. Proficient in software such as Final Cut Pro, Adobe Photoshop, and Adobe Illustrator, I am the perfect match for a content creation studio, as well as having the more back-end knowledge to create custom solutions to automate tasks to get things done sooner.

EXPERIENCE

Self Employed at Eqix Technology — 2018–Present

I work on software developments as well as working for companies to better themselves and their teams by making their pre-existing processes more efficient as well as helping out in development and creating marketing materials.

EDUCATION

Salisbury East High School, Adelaide, Year 10 Student - 2019 - present

Academy of Interactive Entertainment, Adelaide, ICT30120 - Certificate III in Information Technology
